IRVING INSTITUTE, at the close of its twenty-first year, announces its removal to the elegant and commodious mansion on the northeast corner of California and Buchanan streets, San Francisco, where, under the same management,—that of the Reverend Edward B. Church and wife,—it will be carried on with even greater advantages than heretofore. It aims at the symmetrical and harmonious development of the mental, moral and physical powers of its pupils, and the cultivation of the refined and courteous graces of true womanhood. Its large and efficient corps of teachers; its library of two thousand volumes, and reading room, supplied with the leading periodicals; its laboratory with extensive chemical and physical apparatus; its large collection of art models, photographs, curios and minerals; and its well appointed playgrounds for tennis, basket ball and croquet, and light gymnastic apparatus for indoor exercise—all give assurance of equally good results in the future. It prepares its pupils for the University of California and the Leland Stanford Junior University, to which institutions any graduate of the school is admitted without examination on the recommendation of the principal. It also gives thorough preparation for any Eastern college admitting women. Those, also, who wish to complete their scholastic studies with us will enjoy here every advantage. Languages, Music, Elocution and Art are provided for according to the most approved methods under experienced and skillful specialists. Diplomas are given to those who have completed any of the courses of the Academy or those of the Conservatory of Music. The school can accommodate thirty boarding pupils and give them every advantage of a refined Christian home in the city. At the request of parents they are taken to concerts and lectures, and to hear the most noted singers and actors in opera and the standard drama. They have access, also, to the libraries, museums and art collections of San Francisco.

The Primary Department, to which boys are also admitted, is a model in its way, the powers of the little ones being brought out in a natural and easy manner. It is the aim throughout to make the acquisition of knowledge and the exercise of other mental faculties a pleasure. The school will continue to send its carriage for small children when so requested.

NOTICE TO KEYHOLDERS.

Keys to be used only in case of actual necessity.
If this request is not complied with, the Key will be taken from the holder.
Upon the discovery or positive information of a fire near your Signal Box, pull down the hook once and let go; then wait a few moments, and if you hear no alarm from the large Bells or Whistles, pull down again; if you still hear no alarm, go to the next nearest box and give the alarm from that. If no light shows up, wait at the box and direct the firemen to fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.
Do not give an Alarm for a Burning Chimney. Give an alarm for no cause whatever, except an actual fire. Second, Third and General Alarms will be turned in only by order of the Chief Engineer or his Assistants.

It has a good and commodious house of worship on the northeast corner of Sacramento and Drumm streets, erected in 1866. Here religious meetings are held every day in the week, temperance meetings each month, correspondence maintained with seamen in all parts of the world, a free reading room maintained (the first free reading room in the city), with books and papers in various languages, and writing materials, all free, social entertainments given twice a week, and large quantities of good reading matter supplied to out-bound ships. All vessels in port, and sailors' boarding-houses, are often visited, and all possible effort is made to save seamen from perils and vices, and make them good citizens and Christian men. The church is undenominational, self-governed, and is aided in its work by Christian and philanthropic people of every name.

The chief feature of their church is an acceptance of the New Testament form of church organization, as outlined in Ephesians, 4th chap., and an aspiration after the spiritual gifts named in I Cor., 12th chap., which they claim God in mercy bestows upon them when He will, not when they will.

CONGREGATIONAL HOME MISSIONARY SOCIETY. The Congregational Home Missionary Society, as an organization, began in 1826. Its principles, however, have been dominant in our churches from 1620 onward. Its aim is the realization of the ideal Christian state; its method, to carry the Gospel into destitute regions, and to aid Christian institutions temporarily needy. It has expended $19,656,603 in money and supplies ($651,491 during the last year). It has organized and maintained 6,500 churches, into which have gathered 459,015 members. It has 227 missionaries preaching in Foreign languages. The California Home Missionary Society, a branch of the National Society, was organized in 1852, its field covering the State. In 1887 the territory was divided at the northern line of Kern county, and the Southern California Home Missionary Society was organized. The work is pushed forward as rapidly as funds will allow. Church organizations continually come, which are responded to as fast as the funds in hand allow. For such funds the Society depends upon the Congregational Churches of the State. James K. Harrison, Superintendent of Northern California and Nevada, Congregational Headquarters, corner Mason and Ellis streets.

Contributions are used only for missionary work. During the year 1896, it has through its superintendents, missionaries and others aided in the organization of 521 Sunday schools. On the average about 50 Congregational churches have grown out of schools organized by its missionaries each year. The contributions of the year were $54,555.25, while from all sources the available income was $64,895.91. It needs $100,000 annually at least.

STREET AND AVENUE GUIDE

OF THE

CITY AND COUNTY OF SAN FRANCISCO.

COMPILED FROM OFFICIAL SOURCES.

EXPLANATIONS.

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets between the water front and Central Avenue the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. Beyond Central Avenue most of the streets have been numbered in a contrary manner. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (——) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (c), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (e), end of street.

The following-named localities referred to in the Street Directory are situated as follows: Academy Tract, northwest side of Mission Street, between Silver and Ocean Avenues; Bernal Heights, west of Twenty-sixth Street, between San Bruno Avenue and Mission Street; City Land Association Tract, northwest of San Jose Avenue, near County Line; Clarendon Heights, north of Twentieth Street, between Lincoln Avenue and San Miguel Rancho; College Homestead, east of Mission Street and north of Silver Avenue; Excelsior Homestead, southeast of Mission Street, near County Line; Fairmount Tract, south of Thirtieth Street and east of Mission Street; Flint Tract, west of Castro Street, between Waller and Seventeenth; Islais Creek, from west side of San Bruno Avenue, near Silver Avenue, north and east to the bay; Laguna de la Merced, near the County Line and ocean, 6 miles southwest of City Hall; Lake View, west of San Jose Avenue, from Ocean Avenue south to Railroad Homestead; Mission and Thirtieth Streets' Extension Homestead, near intersection of San Jose Avenue and Castro Street; Ocean View, west of San Jose Avenue near County Line; Paul Tract, between San Bruno and Railroad Avenues, near County Line; Presidio Reservation, west of Lyon, and north of Lake Street to the bay and ocean; Railroad Homestead, northwest of San Jose Avenue, near County Line; Richmond District, west of First Avenue and north of Golden Gate Park to the Presidio Reservation and ocean; San Miguel, near the junction of San Jose and Ocean Avenues; Silver Terrace Tract, between San Bruno and Railroad Avenues, south of Silver Avenue; South San Francisco, south of Islais Creek and east of San Bruno Avenue to the County Line and the bay; Spring Valley Homestead, west of Mission Street, near Silver Avenue; Stanford Heights Tract, west of Bellevue Street, from Twenty-fifth south to Thirty-first Street; Sunnydale Tract, west of San Bruno Avenue, near the County Line; Sunnyside, west of San Jose Avenue, near Ocean Avenue; Sunset District, south of Golden Gate Park from First Avenue west to the ocean; Sutro Heights, termination of Point Lobos Avenue, between Forty-eighth Avenue and the ocean; University Homestead, west of San Bruno Avenue, between Silver Avenue and Visitacion Valley; Visitacion Valley, between San Bruno Avenue and Mission Street, near County Line; West End Homestead, north and south side of County Line, near Mission Street; West End Tract, between San Jose Avenue and Mission Street near County Line.

ABBREVIATIONS.—N, north; E, east; S, south; W, west; Av, avenue; bet, between; nr, near; s, side.

☞The neglect of the city authorities for years past to supervise and regulate the numbering of buildings has led to such confusion of numbers on many streets as to make it difficult at times to find the house sought for, even with the aid of a street directory. In addition to this, the changes in the names of numerous streets in accordance with recent orders of the Board of Supervisors has increased the confusion heretofore prevailing, and necessitated the renumbering of several streets throughout their entire length. To counteract as far as possible these changes in names of streets and numbers, we have inserted the old and new names of streets, and, in some instances, an additional column of figures to designate both old and new numbers.
